I skate because... When I was a little boy I dreamed about being one of the best in something. Then I found speedkating. I fell in love with it. It is absolutely my life. I love the feeling when I am not under the control of fear, when I am fast and when I skate, I feel free. I feel that I could be faster. This is my power to achieve all my goals.

I joined Sk8SKOOOL because... I needed someone to show me the way for my future career. The best choice for me was to go to Denmark and to be one of the members of the Sk8skool speedskating Academy. I see therea new chance to improve my technique and my speedskating skills. It is very important when you are under the control of a professional trainer. I did the best thing when I went and tried to achieve all my goals in my life. It will be... THE BEST SCHOOL OF MY LIFE"
